

March 2021

## New 300,000sq ft Warehouse & Distribution Center

Cheese Merchants is proud to announce the opening of our new state of the art Warehouse & Distribution Center located in West Chicago, IL. in June 2021.

Since opening our doors for business in 1998, the loyal support of our customers and partnership with our vendors has helped us grow. We now need more space to continue our growth while maintaining our superior quality and customer service.

The addition to this 300,000sq ft of warehouse space enables Cheese Merchants to bring many aspects of our business such as aging, shipping, customer pickups and material warehousing under one facility, while allowing us to expand our manufacturing footprint to meet our growing demand at the Bartlett, IL. facility.

Starting in June 2021, all customer orders will be fulfilled from our new warehouse and distribution center located at: 2595 Enterprise Circle – West Chicago, IL.

Please note, our corporate office is not changing, nor is our main contact number ((630) 221-0580).

If you any questions or concerns, please feel free to reach out to us.

We look forward to seeing you at our new location and thank you for your continued support of Cheese Merchants.

Sincerely,

Bob Greco

CEO
